

## **Creative Challenge 2024**

All guild members are invited to participate in this year's Creative Challenge to be shared at our December 2024 Holiday Party. No judging is involved, just a desire to challenge yourself and share with others. No one should be concerned about ability level, since we are all on a lifetime continuum of learning! You can use any media, lettering hand, layout, tools, size, etc. You are only limited by your creativity and imagination!

This year's challenge is a quote by Kate Chopin:

### **THE VOICE OF THE SEA SPEAKS TO THE SOUL**

Submitted by CCG member, Hjalmar Pachas

This year we will again be offering an incentive. We will have a random drawing of names and award gift cards. Attendance at the party is not required, but you must send us a photo of your work to be entered into the drawing. Photos of all entries will be featured in our Spring 2025 Newsletter. (Thank you, Penny Schwan).
